

Temperature - Interpolated field

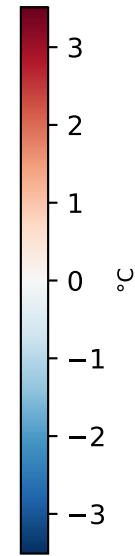

mean Δ = +2.97 °C

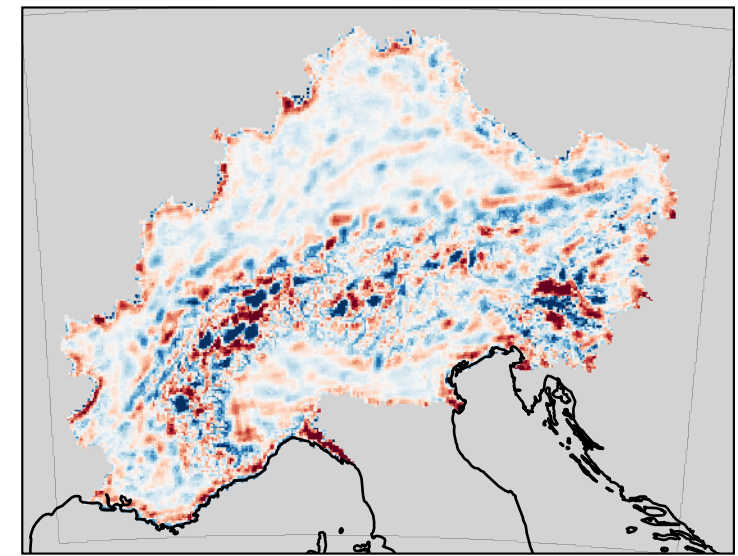

Temperature - Downscaled field

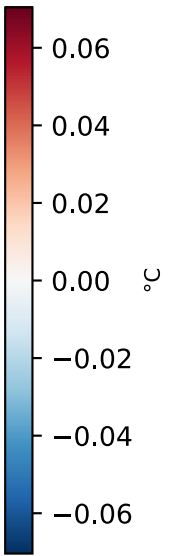

mean Δ = +2.97 °C

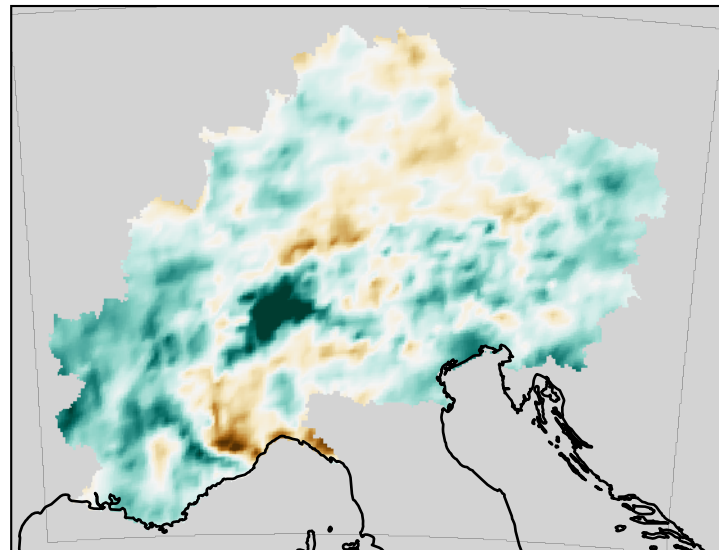

Temperature - Downscaled — interpolated field

residual = -0.00 °C

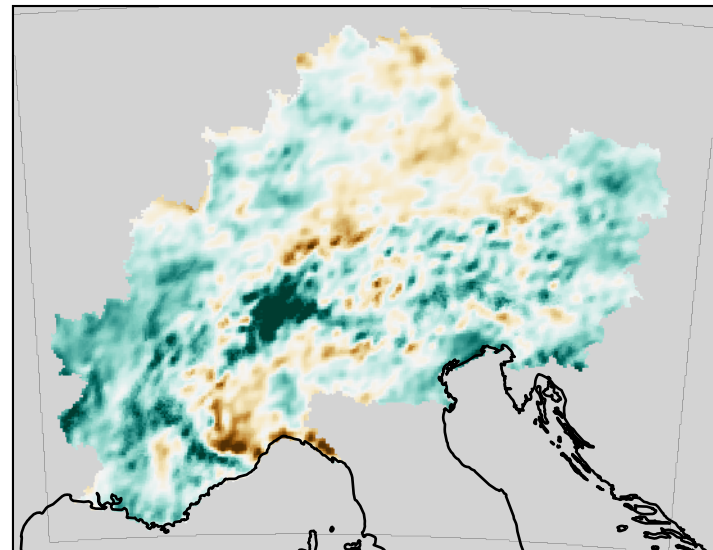

Precipitation - Interpolated field

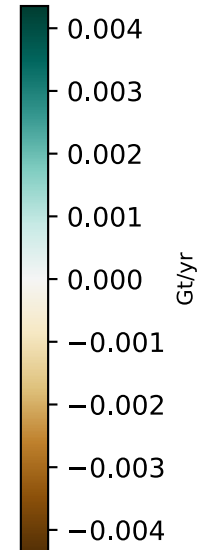

total Δ = +24.89 Gt/yr

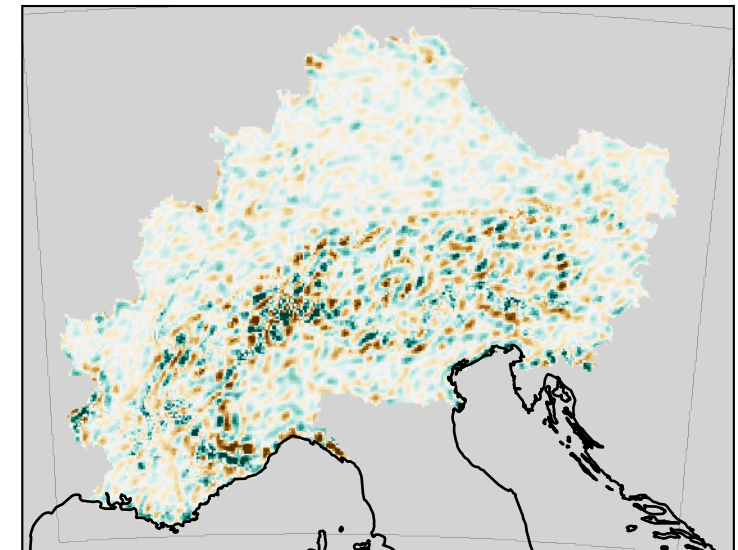

Precipitation - Downscaled field

total Δ = +24.97 Gt/yr

Precipitation - Downscaled — interpolated field

residual = +0.08 Gt/yr
